Reports.

AMERICAN BIBLE SOCIETY.

The American Bible Society is one of the grandest institutions in the world for the furtherance of the Gospel of Jesus Christ in both Home and Foreign Missionary Fields.

Therefore, Resolved, First, That as a Conference we renew our efforts in behalf of this great cause.

Second, That we will take collections on our several charges and forward the same to the said Society early in the year.

F. D. VAN VALKENBURG, Chairman.

AUDITING ACCOUNTS.

Your Committee has examined the accounts of the Presiding Elders and the Secretary and found them to be as follows:

G. B. Hines' account balance. H. H. McCain's account balance. J. W. Lively's account shows that he has paid out more than required. J. R. Basket's account shows that he has a balance of \$10.53 on hand.

J. A. CHRISTIAN, Chairman.

BOARD OF HOME MISSIONS AND CHURCH EXTENSION.

"America for Christ." This is the problem the Board is now endeavoring to lay before the Church.

America with her unlimited resources; her advanced civilization. her free institutions, belongs to Christ.

How shall it be won for her rightful owner? This is a question intimately vitally connected with the perpetuity of our Government.

Shall we be Christians and continue to exist as a free people, enjoying the blessings of free Government? Or shall we drift away from God into unbelief and consequently into moral decay and death?

We are sure that the combining of the Church Extension and Home Missions was a happy thought and must have the Divine approval set upon it.

Their interests are inter-dependent and especially are they so in the Gulf Conference. The help coming from the Home Missionary Society enables the pioneer to go out into the highway and hedges telling of a Christ able to save. The assistance from the Church Extension enables the messenger to erect a place of worship for the fruit of his labor.

Your Committee has nothing but the heartiest approval for these two noble interests of the church, and we bespeak from our pastors the loyal support for the same.

C. A. KING, Chairman.

BOOK CONCERN AND PERIODICALS.

Recognizing the fact that our Book Concern can secure any book for us and that our papers, magazines and Sunday School literature and our periodicals are second to none, we urge that all of our preachers and people purchase all their books from the Concern; that our Sunday Schools use our own literature and that our pastors use their best influence to secure the circulation of our Advocate family among our people.

We recommend that the Hymnal prepared by the Joint Commission be used, as far as practicable, in all our churches and Sunday Schools.

In particular, we recommend to all our people the Central Christian Advocate and the Advocate Journal.

The Methodist Review, as one of the leading magazines of religious thought, should find a place on the desk of all our preachers.

J. W. HERVEY, Chairman.

EDUCATION.

The intelligence of a people is the measure of their freedom.

The Methodist Episcopal Church is blessed in her sound application of scholarship.

She now has splendid schools and great scholars, and these are prized as potent factors in her progress.

Learning is constantly becoming more general and Methodism is a vital force in this aspect of the world's advance.

We rejoice in the great work our educational society has done and is doing.

This Board assisted about 2000 students last year, \$108,000 being loaned to these students.

We recommend that our people study the order of the Last General Conference regarding the consolidation of these two Benevolences, the plan adopted by the Board of Education and our duty complying therewith.

Your Committee would call special attention to the educational interests with reference to our Church work in the South.

The work of the pastor demands that he be mentally as well as Spiritually equipped.

Our preachers and children should be educated in Methodist schools.

At present, we have no academic school within our reach.

Your committee calls special attention to the probable possibility of locating an academy within the bounds of our Conference.

We recommend to all our people Ft. Worth University. In her we have a school under the University Senate with a curriculum equal to the state Universities.

We believe there ought to be a preacher's course provided in Ft. Worth University for our young ministry. By this means we would avoid the necessity of going to independent schools.

It is our duty to be loyal to all of our church schools.

We urge that our pastors take a collection in every charge and that they bestir themselves and their people to a just interest in the matter of education.

J. A. CHRISTIAN, Chairman.

FOREIGN MISSIONS.

The Methodist Episcopal Church has always been a Missionary Church. From her birth she has enjoyed a constant vigorous Missionary spirit and achievement.

The Gulf Conference ranks among the first, of her size, in Foreign Missionary contributions.

But however much done in the past, the demands at present are more urgent than ever, since new fields are being opened and greater opportunities are presenting themselves.

Therefore, we urge that our pastors be very diligent in presenting this cause to our people. "The fields are already white unto harvest" and the laborers are few.

LOUIS MAY, Chairman.

SABBATH OBSERVANCE.

Inasmuch as the desecration of the Sabbath is one of the most prevalent sins throughout our Country, and because it is engaged in by various classes with seeming impunity, we therefore recommend that each of our pastors preach, at least, one sermon on Sabbath observance during the year.

We also recommend that our pastors warn the people unsparingly of the danger of violating the Holy Commandment of God, "Remember the Sabbath day to keep it Holy."

J. A. CARRUTH, Chairman.

SUNDAY SCHOOL AND TRACTS.

We recognize the fact that the Sunday School is a part of the Church. That which affects the Sunday School affects the Church.

We therefore, recommend that our Sunday School Boards use the greatest care in the selection of Literature for their schools. We believe there are no better Sunday School publications than those published by our Book Concern and we therefore recommend their universal use.

Therefore, we recommend First, That each pastor secure a copy of the report of our Tract Society and a catalog of our own publications; Second, That he secure and give out tracts; Third, That he take an offering for this cause in each Church.

J. W. HERVEY, Chairman.

TEMPERANCE.

For the recent Prohibition victories gained in many of our states, and the rising tide of Temperance sentiment sweeping over this Southland, we give thanks to God. We trust the time will soon come when Prohibition will be written across the map of every Southern state.

We rejoice with the people of Georgia, Oklahoma and Alabama in their victories over the liquor traffic, and do now put ourselves on record as being determined to do all in our power to bring about similar victories in Louisiana, Mississippi and Texas.

"The Saloon must go." To that end we shall preach and pray and vote. We are against, not only whatever intoxicates, but also tobacco in all of its forms. We shall show our disfavor by precept and example.

We commend the W. C. T. U. and the Anti-Saloon League for their effort against the liquor traffic. We commend the Calcasieu Parish Prohibition Executive Committee for its enterprise in launching "The Louisiana Search Light" and we recommend it to our people as worthy of their patronage.

We call special attention to the following letter from the Corresponding Secretary of the National Anti-Saloon League: To the Gulf Conference, Methodist Episcopal Church,

Greeting—Our National Anti-Saloon Convention for 1907 held its sessions at Norfolk, Virginia, September 16-19, having met earlier than usual this year because of the Jamestown Exposition, and by an amendment to our constitution the next convention is deferred until two years hence; the particular time and place to be determined by our National Headquarters Committee.

Bishop Wilson was unanimously re-elected President of the League, and although he was absent from the Convention attending Conferences, his influence was felt and manifested there.

The news of state-wide prohibition in Oklahoma and of numerous local victories came to us at Norfolk and rendered the meeting more enthusiastic, if possible, than usual, while the reports of progress from every part of the country were highly encouraging.

With best wishes for your present Conference, I have the honor to be,

Your brother and servant against the saloon,

JAS. L. EWIN,

Corresponding Secretary.

Washington, D. C., Dec. 12.

RESOLUTION.

Resolved, That so far as practicable we will make a special effort to have our congregations and Sunday Schools observe the Fourth of July of each year as a day consecrated to the promotion of the temperance reform; that we will especially seek to interest our children and young people in this movement; that, with songs, music, speeches and various services in our churches, public halls, or groves, we will strive to promote the proper and Christian celebration of the Birthday of the Nation in the cultivation of a sound temperance revival; and finally that we invite the co-operation of all religious bodies, temperance organizations, Young People's Societies of whatever name, and all churches, Sunday Schools, pastors, patriots and philanthropists, in this effort to save our nation from the curse of drink.

W. E. HARRISON, Chairman.

THE STATE OF THE CHURCH.

We are grateful to God for the Church of our Lord and Savior Jesus Christ which he instituted while here upon earth, and now, after nineteen centuries, in spite of earth's malice and hell's undying wrath, stands as a city set upon a hill whose light cannot be hid and continues to increase its power and influence over the hearts and lives of men. Our own beloved church stands in the front ranks of all aggressive reformatory and Spiritual movements, and is a mighty factor in the world's evangelization.

We are grateful to God for the deep spiritual life of the Gulf Conference, and the undaunted courage and ardent spirit of our preachers in proclaiming and promoting Holiness. We rejoice in the increased material prosperity of our beloved Methodism. We praise God for the increasing spiritual activity—the great tidal wave of revival spirit that has swept through the church during the past year.

There is an imperative necessity that we as preachers and people be more Christ-like, and that the holy leaven may yet leaven the whole lump and that the True Light may yet illuminate every darkened corner of our beloved land, yea of the whole world. We greatly appreciate the work that has been accomplished thruout world-wide Methodism thru the agency of the Aggressive Evangelism. Therefore be it

Resolved, That we memorialize the next General Conference to provide for the continuance of this great Spiritual forward movement for the next Quadrennium.

E. R. HOUCK, Chairman.

Resolutions.

Resolved, 1st. That we the members of the Gulf Annual Conference, having been permitted to enjoy the ministrations of Bishop William Burt hereby express our sincere appreciation of his efforts on behalf of the temporal economy of the Church and of his clear and forcible presentation of the great truths for which our Church stands.

2d. We extend our thanks to the open hearted hospitable people of Jennings who have welcomed us to their hearts and homes. May God's richest blessing rest upon them.

3d. Many thanks to our faithful and efficient secretaries for their painstaking labor. Their labors have been appreciated.

4th. We also wish to thank The Times-Record of Jennings; The Picayune, The Times-Democrat, The New Orleans World, of New Orleans; The Daily Press of Lake Charles; The New York Advocate and the Advocate Journal for reporting the sessions of the Conference.

5th. The members of the Gulf Conference wish to convey to the Rev. Joseph H. Smith, of Meridian Male College, and to Dr. J. P. Brushingham, their sincere thanks and ex-

press their appreciation of their searching and thrilling messages. God has owned and blessed their labors to the salvation of sinners and the edification of believers.

6th. We are grateful for courtesies extended to our body by other denominations of Jennings. Specially would we mention the kindness of Rev. I. M. Wise, pastor of the Baptist Church, for the use of his Church by the Lay Conference.

7th. We extend our thanks to the railroads for courtesies extended and the reduction of rates for those attending this session of Conference.

RESOLUTION.

By Henry P. Magill and W. H. Dyson of the Laymen's Association of Rock River Conference.

To Memorialize the Next General Conference to Separate the Sunday School From all Other Benevolences.

(The following Resolution was unanimously adopted by the Gulf Conference)

WHEREAS, The Last General Conference, in an effort towards the Consolidation of Benevolences, placed the great cause of Sunday Schools at the end of what we deem a very unwise combination, thus minimizing the importance, apparently, of this department of our Church from which comes by far the largest percentage of our recorded membership the inception of most of our Church Societies and approximately one-third of our missionary collections.

Resolved, That we memorialize the next General Conference to separate the Sunday School from all other Benevolences, instruct pastors to give more prominence and greater

attention to their schools, preaching at least one sermon each year on the subject, and order that Annual Conferences provide in their programmes an anniversary services for every session.

Resolved Further, That the President and Secretary of this Laymen's Association of the Rock River Conference, be, and they hereby are, instructed to publish this action as widely as possible in the Church papers; send copies of this preamble and Resolution to each of the Bishops with the request that they embody the substance of the same in their address to the next General Conference; reinforced in such manner as they think best, and send copies to each Annual Conference in Methodism and to every Laymen's Association asking them to concur in this action, advising us that they have done so.

The following resolution from the Austin Conference was adopted unanimously by the Gulf Conference:

WHEREAS, The Church of the Lord Jesus Christ on earth is the best institution known. She is ordained of God and should represent a splendidly managed business modeled to pattern by. God so ordained it.

WHEREAS, If our people would tithe there would be no lack of funds for the support of the Church or the spread of the Gospel. Therefore, be it

Resolved, That, we, the Laymen of Austin Conference in conference assembled, will inform ourselves on this subject and endeavor or return to the plan of financiering as God intended, and pay our tithe into His Treasury.

Resolved further, We will encourage the organization of tithing bands in the Churches throughout the Austin Conference.

Resolved further, That the saloon is the greatest enemy of the Church of God, and that the removal of this curse must and can be done by the Church.

Furthermore, we believe the Church, by co-operation in some definite plan, can accomplish this great work now. We believe the Christian people are not as well united as they should be, and therefore request our delegate to put forth

his best effort to get the General Conference to take the initiative toward uniting all Churches, temperance societies, third party men, etc., on some one plan for concerted action. Let the Church call a great Conference if they think best.

The following Resolution from the Holston Conference was adopted by the Gulf Annual Conference:

WHEREAS, the fundamental idea in the Methodist Episcopacy is that of an itinerant general superintendency; and

WHEREAS, that superintendency, as declared from the first in our Book of Discipline, and as exemplified by Wesley and Asbury, meant that the duty of the Bishop was to travel through the connection at large, visiting the circuits and the districts in the country as well as the larger towns and cities and thus exercising a superintending discretion and care over the work at large; and,

WHEREAS, such superintendency, through the course of years and by the vast expansion of our work, has well nigh passed out of use; and,

WHEREAS, such superintendency is desired by the preachers and the people, and is demanded by the interests and necessities of our work today, not less, but more, if possible, than ever before; and,

WHEREAS, our Bishops of the present day, apparently feeling bound by a custom coming down to them from their predecessors in this sacred office, are constrained to redistribute the Conferences among themselves from year to year for visitation and supervision; and,

WHEREAS, under this method of administration it is not practicable for any one of our Bishops to make his superintendency sufficiently continuous in any given locality or section of the country to meet the urgent necessities of the work; and,

WHEREAS, It cannot be expected that the Bishops will ever feel at liberty to adopt a more effective method until the church, through the General Conference, shall give liberty and instruction to do so; therefore,

Resolved, by the Holston Conference that we present this memorial to the General Conference to assemble at Baltimore in May 1908, to the following effect, namely:

1. That the General Conference request the Board of Bishops at their next meeting to assign to each effective Bishop the Conferences contiguous to the place of his episcopal residence, as far as may be practicable, and thereafter during the quadrennium to assign the same Bishop to the same Conference, at least three years out of four, as far as this may be compatible with the other interests of the Church work.

2. That the General Conference request that each Bishop, in the exercise of his episcopal supervision, "travel at large" through the Conference assigned to him in the territory contiguous to the place of his episcopal residence and thus carry into effect the original idea and "plan of our itinerant general superintendency" by actually superintending the work thus placed under his special care.

3. This memorial does not contemplate or involve anything bordering on a diocesan episcopacy, or anything to the contrary to the "plan of our Itinerant General Superintendency." It rather seeks to restore it to its original effectiveness and to preserve it in its primitive integrity. Each Bishop thus assigned to a group of Conferences, and "travelling at large" and exercising a special superintendency over the work in that Conference, the entire Church would receive a kind and measure of episcopal service and supervision which it everywhere needs, but has scarcely known for many years, such superintendency as the early Bishops of Methodism gave, and such as our plan contemplates.
